

GOSECURE FILES - PRO LICENCE & USE RIGHTS STATEMENT (V6.1)
MASTER HEADER (MANDATORY)

Document-ID: GS-PRO-LIC-001

Version: 6.1

Release ID: {RELEASE_ID}

Date (UTC): {RELEASE_DATE_UTC}

Document SHA256: {DOC_SHA256}

SCOPE OF RELIANCE (ABSOLUTE)

This document only provides evidence of:

- (a) licence status (Standard / Pro),
 - (b) issue (Release-ID),
 - (c) version,
 - (d) integrity (hash/manifest)
- of GoSecure IP artefacts.

It explicitly does not provide evidence of decision-making, compliance legality, governance, liability limitation or third-party acceptance.

1. PURPOSE AND SCOPE

1.1 This document exclusively governs:

- (a) the right of use under the Pro Licence for GoSecure Files; and
- (b) the associated restrictions, distribution rules and integrity requirements.

1.2 This document does not constitute legal, tax, compliance or audit advice, not an opinion on decisions or governance of the Customer and no representation or assurance towards third parties.

2. DEFINITIONS

2.1 “GoSecure Files”:

GoSecure issued documentation, templates, updates and metadata, identified by Release ID.

2.2 “Integrity artefacts”:

Canonical file lists, manifests and SHA-256 hashes as issued by GoSecure.

2.3 “Formal context” (EXCEPTED):

Any situation in which a document:

- is or may be requested by a third party; or
- is used in:

board/management,
audit or supervision,
claims, disputes or insurance files,
incident or escalation processes,
legal, disciplinary or complaint procedures.

If in doubt or formal context,

an objective test applies:

the nature of the use, the third party involved
and the potential legal or supervisory consequence are decisive.

GoSecure may record this test with reasons
for the purpose of licence enforcement.

2.4 “Standard Licence”:

Right of use exclusively for internal, operational use
outside Formal context.

2.5 “Pro-Licence”:

Right of use including Formal context,
exclusively in combination with Integrity artefacts.

2.6 “Customer”:

The legal entity that has acquired the licence,
excluding group companies,

unless otherwise agreed in writing.

3. RIGHT OF USE GRANTED (PRO)

3.1 GoSecure grants a non-exclusive, non-transferable and revocable right of use for internal use within the Customer entity.

3.2 Use in Formal context is permitted only if

ALL of the following conditions are fulfilled simultaneously:

- (a) an active Pro licence at the time of use;
- (b) the file has been issued under a valid Release ID;
- (c) all Integrity artefacts have been kept complete and unaltered.

3.3 Use outside these conditions is unauthorised and is out of licence.

4. EXPRESS RESTRICTIONS (HARD)

4.1 All intellectual property rights remain exclusively with GoSecure.

4.2 Without prior written consent, the following is prohibited:

- resale, sublicensing or transfer;
- hosting, white-labelling or repackaging;
- public publication or publicly accessible portals;
- use by group companies or third parties.

4.3 Audit and surveillance exception (CERTAIN):

Read-only inspection only, without editing, metadata removal or redelivery, limited to the specific investigation.

Customer remains fully responsible for compliance.

4.4 Manipulation of version, release or integrity metadata is strictly prohibited.

5. STANDARD EXCLUSION (ABSOLUTE)

The Standard licence does not confer the right to use in Formal context.

Any such use shall be deemed unauthorised and shall be at the full risk of the user.

6. NO ADVICE, NO ASSURANCE, NO THIRD PARTY RIGHTS
GoSecure:

- does not validate decisions;
- does not assess risks;
- does not limit liability;
- does not imply third-party acceptance.

Third parties do not derive any rights from GoSecure Files.

7. PROOF OF ISSUE AND INTEGRITY

7.1 The ONLY proof of issue and integrity is the Evidence Pack Manifest (GS-PRO-MAN-004).

7.2 This evidence relates solely to issuance by GoSecure, not to use, application or legal effect.

8. ENFORCEMENT, TERMINATION AND RETENTION RULE

8.1 In the event of (suspected) breach, GoSecure may:

- immediately suspend use;
- revoke licence;
- take measures to protect IP.

8.2 Upon termination:

- any right of use expires immediately;
- access to new releases expires;
- existing copies may only be retained for archive and evidence purposes;
- retention obligation does not create a continued right of use.

All restrictions remain in force.

9. APPLICABLE LAW AND FORUM (NL-BE)

9.1 Dutch law applies to Dutch Customers;
Belgian law applies to Belgian Customers.
9.2 Disputes will be submitted exclusively to
the competent court in the relevant country,
without prejudice to the right of GoSecure
to claim interim or protective measures.
